

## Verbier's ski area opens this Friday!

We are thrilled to announce the start of the ski season at the Verbier 4Vallées ski area! Verbier has been transformed into a winter wonderland over the past few weeks with more than a metre of snow! We can officially launch the 2023/2024 winter season in outstanding conditions!

Thanks to the recent snowfall, **the pistes at Lac des Vaux and Les Attelas - Ruinettes will open from Friday, 10 November**, offering snowsports fans the chance to hit the slopes for the first time this season. Early risers can look forward to a treat on opening day too: the first skiers to tackle the pistes on Friday morning will receive a free coffee and croissant. And there's also a 20% discount on the 1-day ski pass for the Verbier sector every weekend in November.

### Practical information:
