

The Family Festival – an event that brings all generations together!

An unmissable midsummer event, the Family Festival appeals to all age groups. It takes place on Sunday, 4 August at La Chaux mountain pasture above Verbier, at an altitude of more than 2,000 metres.

The day's festivities begin at 11am with a traditional service celebrated against the backdrop of the Combins massif.

On the main stage at 1pm, the Makadam company will be performing their show, [Le petit cirque de bohème](#) (The Little Bohemian Circus).

At 2.30pm, singer [Sophie De Quay](#) will be bringing her pop music to the stage. In 2023, she released her latest EP, *Soleil Intérieur* (Inner Flame), emerging as a singer of sensitive, bright, soulful French pop, accompanied by the multi-talented instrumentalist and producer Simon Jaccard, who co-wrote, co-composed and co-produced this new record. He has also co-produced with musical director Jérémy Chapron (Kids United, Tibs, Tina Arena, Garou, etc.).

There are plenty of fun activities for children with bouncy castles, a balance trail, a slackline workshop and balloon sculptures. Petit Verbier, our partner known for its childcare services, will have their own stand offering a range of activities (sensory play areas, crafts and colouring, as well as story time, songs and nursery rhymes, to name but a few).

There will also be a number of food stands to delight all ages. On the menu: barbecues, crepes, waffles, sweet treats and ice cream.

The event may be cancelled due to adverse weather conditions. Please find more information on our [website](#) or on our [Facebook](#) page.
