

Verbier's ski area opens on Saturday!

We are delighted to announce the start of the Verbier 4Vallées ski season this Saturday, November 16!

The first snow has covered the heights of the ski area and the heart of the resort, bringing a coat of white that heralds the start of the season and the excitement of putting on skis.

The Lac des Vaux slope is ready to welcome winter sports enthusiasts for the first turns of the season! Thanks to the sub-zero temperatures, our snow guns were able to produce quality snow, to offer optimal sliding conditions. What's more, we recorded around twenty centimetres of fresh snow at Lac des Vaux, enough to kick off the season in wintry conditions.

Early bird skiers will be rewarded with a coffee and croissant on the first day of the season. A 20% discount is applied to the Verbier sector 1-day ski pass on all weekends in November.
