Verbier opens its winter season on 7 November

We are delighted to announce that the Verbier ski area will open its doors on Saturday 7 November!

Skiers and snowboarders will be able to head to the Lac des Vaux run and make their first turns of the season. Over the past few weeks, our teams have been working hard to prepare the ski area so that the first skiers can enjoy the best possible conditions.

Throughout November, the lifts will operate at weekends only. Depending on weather and snow conditions, further slopes and lifts may gradually be added to the offering.

To celebrate this return to the snow, the first skiers will be treated to a free coffee and croissant on Saturday mornings.

A special early-season rate will apply to day passes for the Verbier area throughout November at weekends.

Passes are available from the Verbier 4Vallées webshop and at the ticket offices in Médran and Le Châble, which are open daily from 8.30 am to 5.00 pm.

As for dining, the Flocon restaurant and the Médran Café will be welcoming skiers throughout these first few days of the season.

Facilities
